

STATEMENT OF QUALIFICATIONS

JACKSON D. ARNDT

Financial Analyst

Jack is primarily responsible for gathering, analyzing, and documenting company background, financial, comparable company, economic, and industry information. Prior to joining BCC in 2019, Jack completed an internship with Nationwide Insurance and performed data analysis in Excel, SQL, and Tableau. He participated in the Bryan Research Program at Simpson College where he studied mathematical knot theory. Jack also published a political, geolocation, and mathematical research paper in The Social Science Journal and presented at the national Joint Mathematics Meeting.
